# WHO WE ARE

Q U I E T  
P L E A S E

## READY TO SERVE?!

Quiet Please connects tennis enthusiasts across the world both on and off court. We bring tennis lifestyle to the streets. We embody a „WE“ feeling like no other tennis fashion brand. We say „yes“ to all players who don't take themselves too seriously and put the focus on having fun with sport. We serve tennis together. We say „Quiet Please“ always with a little smile on our face to all those who want to be the center of attention and always put themselves first.

The idea of taking more responsibility for our environment is becoming more and more important in daily life and does not stop at fashion. Thus, sustainability is a top priority at Quiet Please and we want to make tennis more sustainable step by step – from start to finish.

Every single piece of our Quiet Please collection is produced sustainably. But not only the clothes, but also the packaging and label tags are recyclable and therefore 100% good for the environment!

All our clothes are made of either high-quality organic cotton with Oeko-Tex 100 certification or 100% recycled polyester. Thus, our collection represents an eco-friendly, healthy and ethically responsible choice for any tennis player who values sustainability and quality.

And that's not all: Quiet Please outfits can also be recycled again after wearing. We are therefore talking about the first circular tennis collection.

Play your outfit for as long as you want and then return it to us. With the revolTEX® process from RITTEC, our products are 100% recyclable. In this way, we create a raw material from which new stylish outfits can be made.

And now - are you ready to recycle?
